The Assist Group of Companies is committed to the requirements of **BS EN ISO 9001:2015** and with the effective introduction and application of quality assurance systems and procedures the company will be able to improve its overall efficiency with the target of achieving greater levels of performance and service as our aim.

Working from a foundation principle of providing the client with the service they request our methods and systems are continually improved and refined by the implementation of effective quality management, analysis of data, internal audits, involvement of employees and customer focus.

The procedures and practices outlined in the Quality Documentation are there for that purpose and to ensure staff understanding of meeting customer, statutory and regulatory requirements.

The Quality Responsibility Statement (SO13) details the basic requirements and responsibilities for the proper management of this Quality policy and has been designed following the guidelines of ISO9001:2015.

This policy is communicated to all employees and is available to any interested parties any time. It is subject to annual review by the Senior Management Team to ensure of its on-going relevance and effectiveness to the business.
